### **Description**

A spectacular brand new apartment offering a light and hugely spacious living space. The apartment has a luxurious and well thought out kitchen and diner area. As you would expect the property has all the mid cons you would expect from a new build apartment.

The bedrooms are both excellent in size and the shower bathroom is again of high quality.

This is a must see property in a highly desirable location a 100 metres from the sea.

The apartment has a lift and is on the third floor in central Moriara.
