€1,000 / M

Description

A fantastic apartment located between the port and the arenal. The sea is on the opposite side of the road so couldn't be a better location for beach lovers!

The apartment is recently refurbished with bathroom and kitchen in excellent condition. The lounge area is light and bright and airy.

The balcony is really fantastic and has a lot of space with views of the sea and views of Montgó.

There is a community pool and underground parking.
